Notes:

1. There are no particular vested interests between the Company and the candidates.
2. Additional information regarding the candidates of Outside Directors is as follows.
 - (1) Independent officers
The Company appointed Mr. Toshitaka Hagiwara, Mr. Masakatsu Mori and Ms. Mariko Tokuno as independent officers provided for under the provisions of the Tokyo Stock Exchange, Inc. and registered the individuals as such with that exchange. The Company plans on having the officers keep their position if their reelection is approved. In addition, if the election of Mr. Yoichi Kobayashi is approved, the Company will appoint him as an independent officer and register the individual as such with that exchange.
Mr. Toshitaka Hagiwara, Mr. Masakatsu Mori, Ms. Mariko Tokuno and Mr. Yoichi Kobayashi satisfy the requirements for Criteria for Determining Independence of the Company on page 19.
 - (2) The number of years as Outside Director of the Company
Mr. Toshitaka Hagiwara, Mr. Masakatsu Mori and Ms. Mariko Tokuno have been serving as the Company's Outside Directors for nine years, five years and one year, respectively, as of the closing of this General Meeting of Shareholders.
 - (3) Inappropriate conducts of business occurred and corrective and preventive measures implemented against such conducts during the past five years at another company at which a candidate served as a director
1) Since June 2010, Mr. Toshitaka Hagiwara has been serving as an outside director of Zensho Holdings Co., Ltd. That company maintains full ownership of subsidiary Zensho Co., Ltd. (now named Sukiya Co., Ltd.), operator of *gyudon* (Japanese hot pot) chain restaurant Sukiya, which was subject to a directive from the Labour Standards Inspection Office and other authorities to take remedial measures after findings that some of its employees had experienced excessive working conditions from February to March 2014. Zensho took the matter seriously, and in April 2014 organized a third-party panel of experts tasked with thoroughly looking into factors causing the incidents and providing suggestions for improvement. The panel gave Zensho its report in July 2014. In line with the suggestions of the report, Zensho took steps to make improvements that included organizing a panel in November 2014 for promoting a better workplace environment, composed of five experts tasked with accelerating and fully implementing such improvements. As a result, in March 2015 the panel provided Zensho with a report summarizing and evaluating progress made in that regard.
As an outside director, Mr. Toshitaka Hagiwara has routinely provided Zensho Holdings with advice from the perspective of regulatory compliance, and since the aforementioned incident he has been properly executing his duties by taking part in meetings of the company's board of directors and other such forums where he has been working to further strengthen and ensure compliance practices, while calling

for appropriate measures for preventing incidents such as the above to be put in place from the perspective of regulatory compliance.

- 2) Since June 2016, Ms. Mariko Tokuno has been serving as an Outside Director of Mitsubishi Materials Corporation. During this time, cases have been discovered in which said Mitsubishi Materials Corporation's consolidated subsidiaries Mitsubishi Cable Industries, Ltd., Mitsubishi Shindoh Co., Ltd., Mitsubishi Aluminum Co., Ltd., Tachibana Metal MFG Co., Ltd, and Diamet Corporation manufactured and sold products that deviated from customer standards or internal company specifications due to misconduct, including the rewriting of data.

Although she was unaware of these cases until they were revealed, as an Outside Director at Mitsubishi Materials Corporation she has routinely spoken out from the perspective of enhancing governance structure. Since these cases were revealed, as chairperson of the special investigation committee, she has been making efforts to further enhance governance structure, including conducting investigations relating to the cases, identifying root causes, and providing advice on measures to prevent reoccurrences.

- 3) From June 2006 to March 2015, Mr. Yoichi Kobayashi served as a Representative Director of ITOCHU Corporation. In January 2018, ITOCHU Corporation received a cease and desist order from the Japan Fair Trade Commission for activities in breach of Japan's Antimonopoly Act regarding its sales of uniforms to the West Japan Railway Company during the period from April 2014 to September 2016.

3. Agreement on liability limitation

The Company has concluded an agreement with Mr. Toshitaka Hagiwara, Mr. Masakatsu Mori and Ms. Mariko Tokuno regarding liability limitation according to the Companies Act, Article 423, Paragraph 1. According to the agreement, the maximum liability amount is the minimum amount stipulated by the Companies Act, Article 425, Paragraph 1. If the reelection proposal is approved, the Company will continue its agreement with them. In addition, if the election of Mr. Yoichi Kobayashi is approved, the Company will conclude the said agreement with him.

Agenda Item 2. Election of One (1) Audit & Supervisory Board Member

The term of one (1) Audit & Supervisory Board Member, namely Ms. Kazuko Takahara, will expire at the close of this General Meeting of Shareholders. Accordingly, we would like to propose the election of one (1) Audit & Supervisory Board Member.

The following is the candidate for Audit & Supervisory Board Member.

The Audit & Supervisory Board has already approved this proposal.

Name of Candidate (Date of Birth)	Brief Background and Position at the Company (Important Concurrent Positions at Other Organizations)	Number of Shares Owned
	Apr. 1981 Joined the Company	
	Jun. 2000 Manager of Audit Section No. 1 of Audit Division	
	Jun. 2002 Manager of Audit Section of Audit Division	
	Jul. 2006 Audit Function Manager	
	Apr. 2012 Audit Function Senior Manager	
	Apr. 2018 Attached to the President (current)	
New election	(Important Concurrent Positions at Other Organizations) None	2,100
Mamoru Matsuno (Feb. 5, 1961)	[Reasons for nomination as a candidate for Audit & Supervisory Board Member] The Company proposes the election of Mr. Mamoru Matsuno as an Audit & Supervisory Board Member. The Company has determined that he will provide appropriate oversight of Group-wide management from an objective perspective based on his experience of internal auditing duties, etc., cultivated over long years of acting as Audit Function Senior Manager from April 2012, after having served as Manager of Audit Section of Audit Division and Audit Function Manager.	

Notes:

1. There are no particular vested interests between the Company and the candidate.
2. Agreement on liability limitation
If the election of Mr. Mamoru Matsuno is approved, the Company will conclude an agreement with him regarding liability limitation according to the Companies Act, Article 423, Paragraph 1. According to the agreement, the maximum liability amount is the minimum amount stipulated by the Companies Act, Article 425, Paragraph 1.

Agenda Item 3. Revision of Remuneration Amount for Directors

Remuneration for the Company's Directors has remained at the monthly amount of up to 35 million yen approved at the 130th Ordinary General Meeting of Shareholders held on June 29, 1995 up to the current day.

In consideration of various factors seen during this period, such as an increase in Director's responsibilities accompanying changes in the business environment, the increase in transparency and vigor of Board of Director's operations, and an increase in the appointment of Directors with the aim of enhancing management oversight, we propose revising remuneration for Directors to a monthly amount of up to 45 million yen (of which up to 6 million is allocated to Outside Directors).

Furthermore, remuneration for Directors will not include the amount of employee's salary for a Director who also holds an employee post, as was previously the case.

Also, although there are currently eight (8) Directors (including three (3) Outside Directors), following the approval of agenda item 1., this will become ten (10) Directors (including four (4) Outside Directors).

Criteria for Determining Independence in Electing Outside Officers of the Yamato Group

1. Criteria for determining independence

Yamato Holdings Co., Ltd. has established the following criteria for determining the independence of the Outside Directors and Outside Audit & Supervisory Board Members of the Company (hereinafter collectively referred to as "Outside Officers").

2. Independence requirements for Outside Officers

A party with respect to whom any of the following apply shall be deemed as not having met the requirements for independence of an Outside Director or Outside Audit & Supervisory Board Member of the Company.

- (1) A party who is a major business partner of either the Company or a Group company (hereinafter collectively referred to as the "Company"), or otherwise if such party is a corporation or other such entity, a person who executes business thereof;

Business Report

(From April 1, 2017 to March 31, 2018)

1. Status of the Corporate Group

(1) Operating Performance

In the fiscal year ended March 31, 2018, the economic environment was plagued by ongoing uncertainties ahead due to factors that have included effects of political developments overseas, yet gradual economic recovery held course amid underlying strengths in corporate earnings. Moreover, the logistics industry continues to face a severe business environment partially due to tightening of the domestic labor market, which is in addition to an upward trend with respect to small parcel volume partially due to expansion of the e-commerce market brought about by rapidly changing styles of consumption.

Under such circumstances, the Yamato Group strived to enhance its management foundations in order to continue achieving sustainable growth and thereby enable the Group to keep providing high-quality services by drawing up its “KAIKAKU 2019 for NEXT100” medium-term management plan, which while “reforming working styles” is centered on management, focuses on reforms in the three areas of “structural reform in the Delivery Business,” “reform of revenue and business structure geared to achieving discrete growth,” and “reform of Group management structure geared to achieving sustainable growth.”

In the Delivery Business, we promoted our “structural reforms in the Delivery Business” initiatives which involve “improving and developing the employee working environment,” “placing controls on total TA-Q-BIN volume,” “optimizing the entire TA-Q-BIN delivery network,” “boosting efficiency by enhancing the ‘last mile’ network,” and “revising TA-Q-BIN basic fees and respective service standards.” This also involved gaining understanding and cooperation from many of our clients, particularly in terms of having made progress in negotiating review of our rates with respect to our corporate clients, and adjusting shipping schedules per requests made to some of our large-lot corporate clients. As a result, since the third quarter, our financial performance has remained on path to recovery due to TA-Q-BIN delivery volume taking a downward turn and the TA-Q-BIN unit price beginning to rise due to our adequate pricing initiatives, despite increasing expenses incurred largely from promoting our focus on “reforming working styles.”

In the non-delivery businesses, results were firm since we took steps to expand our existing service offerings by enlisting the strengths of Group companies, while also drawing on Group-wide ties as we aggressively promoted solution sales geared toward addressing customers’ business challenges.

Our consolidated financial results for the fiscal year ended March 31, 2018 were as follows.

Item	(Millions of yen)			
	Fiscal 2017	Fiscal 2018	Change	Percentage change (%)
Operating revenue	1,466,852	1,538,813	71,961	4.9
Operating profit	34,885	35,685	800	2.3
Ordinary profit	34,884	36,085	1,201	3.4
Profit attributable to owners of parent	18,053	18,231	178	1.0

As mentioned above, operating revenue amounted to 1,538,813 million yen, up 71,961 million yen from the year-ago period. This is largely attributable to an increase in the TA-Q-BIN unit price due to our adequate pricing initiatives, and despite a decrease in TA-Q-BIN delivery volume amid promotion of structural reforms in the Delivery Business. Operating expenses amounted to 1,503,127 million yen, up 71,161 million yen from the year-ago period. This is largely attributable to an increase in labor costs, including those of outsourcing workforce, in conjunction with higher delivery volume until the first half of the fiscal year and initiatives to reduce employee workloads, and also attributable to increases in commission expenses and other subcontracting expenses and personnel expenses amid progress made in employee recruitment. As a result, operating profit amounted to 35,685 million yen, up 800 million yen from the year-ago period partially due to effects of a decrease in amounts recorded as payments for specially acknowledged working hours recognized in the fiscal year ended March 31, 2017.

Initiatives for the entire Yamato Group

- (i) The Yamato Group has been taking steps on a Group-wide basis to develop an upbeat working environment, which is more “employee-friendly” and “rewarding,” centered on the “Office for Reforming Working Styles” established in Yamato Transport Co., Ltd., and its “Working Styles Innovation Committees” in its respective Group companies, as a means of placing utmost priority on “reforming working styles” in order to practice “inclusive management,” a Yamato Group founding principle. Moreover, we have been pursuing our “Value Networking” design, on the basis of creating business models for generating a high level of added value through the combined efforts of our respective businesses, while at the same time contributing to growth strategies and international competitive strengths of the Japanese economy. Meanwhile, we are also taking steps to forge a robust corporate culture that acts as a foundation for business creation and development.
- (ii) We continued to drive initiatives geared toward forging a more robust corporate culture. To that end, we worked on enhancing the efficiency and dependability of operations, in part by improving our transport systems and by using our information technology network to enable visual monitoring of operating volumes. Moreover, we actively engaged in CSR-related activities linked to Yamato Group business endeavors, such as through environmental and safety measures, and efforts to prosper communities.
- (iii) To further evolve our “Value Networking” design, we have been crafting business models that deliver a high level of added value by leveraging the Yamato Group’s business network. Also, to address varied customer needs in Japan and overseas, we will make more effective use of our innovative network platform consisting of the “Haneda Chronogate,” “Atsugi Gateway,” “Chubu Gateway” and “Okinawa International Logistics Hub” facilities, as well as “Kansai Gateway” facility, which started its operation in November 2017, in addition to our existing “last mile” network.

- (iv) In our business looking toward overseas markets, we have been working to forge collaboration among five regions, Japan, East Asia, South East Asia, Europe and the Americas, while strengthening our capabilities in each geographic region to respond to the growth of cross-border logistics. In the fiscal year ended March 31, 2018, we signed a comprehensive partnership agreement with the leading specialist for express parcel delivery in France. The agreement was entered into for the purpose of expanding our cross-border small parcel chilled and frozen transport business between Japan and France, and contains a cross license agreement for sharing both companies' know-how with respect to small parcel chilled and frozen transport. Furthermore, we have been promoting efforts to build cross-border networks that provide substantial added value primarily focusing on our cold chain network with initiatives involving seven Yamato Group companies acquiring certification under international standards pertaining to chilled and frozen goods delivery services, including Vietnam where the Group started handling of Cool TA-Q-BIN services in September 2017.
- (v) With the aim of improving customer convenience particularly in the e-commerce market, we have been working to establish an environment that ensures customers ease in picking up their parcels. Moreover, to that end we have been actively promoting efforts to build an open-type network of parcel lockers primarily in train stations, convenience stores and other such locations. Also, we continued to conduct practical trial runs of our "RoboNeko Yamato" project which involves providing on-demand delivery services that make use of automated driving technologies and worked on other efforts for the development of next-generation logistics services, and we have been picking up the pace with respect to utilizing cutting-edge technologies geared to streamlining transportation, in part by adopting trailers with a new specification never before used in Japan. Moreover, in October 2017, we installed Japan's first automated fit-to-size packing system at our Atsugi Gateway facility, and have otherwise been taking steps that involve digitization and automation of our overall logistics operations in order to address challenges presented by society such as the labor shortage as it intensifies going forward, and in order to better serve the rapidly expanding e-commerce market.

Business strategies of each business segment

Delivery

The delivery volumes of TA-Q-BIN and Kuroneko DM-Bin services are as follows.

Item	Fiscal 2017	Fiscal 2018	Change	(Million parcels / units)	
				Change	Percentage change (%)
TA-Q-BIN	1,867	1,836	(30)		(1.7)
Kuroneko DM-Bin	1,542	1,464	(77)		(5.0)

- (i) In the Delivery Business, the Yamato Group concentrated on TA-Q-BIN-centered business development, aiming to provide infrastructure that best suits our customers and contribute to enriching people's lives.
- (ii) Amid a severe business environment partially due to tightening of the domestic labor market, which is in addition to an upward trend with respect to small parcel volume partially due to expansion of the e-commerce market brought about by rapidly changing styles of consumption, we have promoted our "structural reforms in the Delivery Business" initiatives which involve "improving and developing the employee working environment," "placing controls on total TA-Q-BIN volume," "optimizing the entire TA-Q-BIN delivery network," "boosting efficiency by enhancing the 'last mile' network," and "revising TA-Q-BIN basic fees and respective service standards." With respect to our objective of "improving and developing the employee working environment," we have taken steps

geared to ensuring that employees are able to take lunch breaks while also preventing situations where they are subject to long working hours. To that end, we set earlier deadlines for accepting TA-Q-BIN deliveries, and we changed to a framework of five designated time slots for TA-Q-BIN deliveries, from six time slots previously. In addition, having revised our TA-Q-BIN basic fees in October 2017, we gained understanding and cooperation from many of our clients particularly in terms of having made progress in negotiating review of our rates with respect to our corporate clients, and adjusting shipping schedules per requests made to some of our large-lot corporate clients. We continue engaging in such dialogue with corporate clients with whom negotiations have been underway.

- (iii) In the still growing e-commerce market, we have been taking steps to expand sales of the “TA-Q-BIN Compact” and “Nekopos” services which enable customers to send small parcels simply, and proceeded with offering a greater number of drop-off points for sending by collaborating with multiple flea market websites. During the fiscal year ended March 31, 2018, we have been taking steps to provide greater convenience to our customers. This has involved efforts such as collaborating with business operators who provide open platforms for e-commerce companies, and offering a service environment where customers who have purchased a product are able to specify either a business office of Yamato Transport Co., Ltd., a convenience store or an open-type parcel locker (PUDO) as a location for pick-up. This has also involved upgrading the “My Calendar” service of the “Kuroneko Members” service with the introduction of a new feature that enables customers to specify pick-up locations, in addition to their desired days of the week and time slots.
- (iv) With respect to corporate clients, we have been accurately pinpointing managerial challenges and actively proposing solutions to address those challenges. Moreover, we have been working to boost profitability by making proposals that provide high added value using the Group’s business resources. During the fiscal year ended March 31, 2018, we have promoted the use of our new “B2 Cloud” shipping label issuance service which operates using a cloud-based platform. Moreover, we have been working to provide new services that help e-commerce companies do business. For instance, we have been releasing to the public application programming interfaces (APIs) designed to facilitate convenient parcel pick-up and delivery, available through our “Yamato Business Members” service for corporate clients.
- (v) In our business geared toward revitalizing communities, we have been taking steps to improve services for residents by collaborating with numerous municipalities and companies in efforts to provide support with regard to helping those who face difficulties doing their shopping and watching over elderly residents. Moreover, we have also been helping to revitalize local industry through initiatives that include lending support for enabling communities to achieve higher sales of locally produced products by offering swift delivery to Asia of perishable goods and other agricultural products in a manner that ensures they stay fresh.
- (vi) The TA-Q-BIN unit price increased as a result of our having taken on adequate pricing initiatives that involved revising TA-Q-BIN basic fees and negotiating review of our rates with respect to our corporate clients. As a result, operating revenue amounted to 1,201,745 million yen, up 4.4% from the year-ago period. Operating profit has remained on a path to recovery from the third quarter onward amid increasing expenses largely as a consequence of promoting our focus on “reforming working styles.” As a result, operating profit amounted to 6,758 million yen, up 19.9% from the year-ago period, for the fiscal year ended March 31, 2018.

BIZ-Logistics

- (i) In the BIZ-Logistics Business, the Yamato Group is providing customers with innovative logistics systems by combining management resources such as the TA-Q-BIN network

with logistics functions, maintenance and recall handling functions, cleansing functions for medical devices and international transportation functions.

- (ii) For the e-commerce industry and others, we are offering one-stop services for various types of logistical support services in line with customer needs, including placing and accepting orders, visual monitoring of inventories for customers and enabling speedier shipments. During the fiscal year ended March 31, 2018, these operations generated favorable results due to factors that included an increased volume of existing services.
- (iii) For medical service providers, we have been developing medical device loaner support (storage, cleaning and delivery) and other services that help revolutionize logistics operations. During the fiscal year ended March 31, 2018, results were firm due to an increase in use of such services among newly gained customers.
- (iv) Operating revenue amounted to 121,939 million yen, up 12.2% from the year-ago period mainly due to favorable results from existing services for e-commerce business operators, and progress made in offering industry-specific solutions. Operating profit amounted to 4,087 million yen for the fiscal year ended March 31, 2018, up 0.4% from the year-ago period.

Home Convenience

- (i) In the Home Convenience Business, we are working toward enabling customers to achieve greater convenience and comfort in their lives through lifetime lifestyle support businesses and corporate enterprise support business that draw on the Yamato Group's nationwide network.
- (ii) With respect to individual customers, the Yamato Group operated a variety of services to assist in daily life such as the "Raku Raku Household TA-Q-BIN" service for delivering large furniture items and home appliances, moving-related services and "Comfortable Lifestyle Support Service" which aims to help customers resolve everyday inconveniences "inside the home." During the fiscal year ended March 31, 2018, we continued to take steps to achieve greater business volume with respect to our "Raku Raku Household TA-Q-BIN" service that makes it easy for customers to send large packages by linking up with flea market website applications, and we also aggressively forged ahead with efforts to increase sales of our "Comfortable Lifestyle Support Service."
- (iii) For our corporate clients, we have been developing our business support services including "Technical Network Business" where we combine the networks of the Yamato Group and our construction and installation contractors so that we can provide one-stop support in handling everything from household equipment delivery and set-up, to installation and maintenance of such equipment. During the fiscal year ended March 31, 2018, we have steadily worked on receiving orders for office relocations.
- (iv) Operating revenue amounted to 48,900 million yen, down 0.5% from the year-ago period mainly due to controls placed on workloads during the peak moving and relocation season as we promote our focus on "reforming working styles," and despite favorable results with respect to use of our "Raku Raku Household TA-Q-BIN" service and "Comfortable Lifestyle Support Service." Operating profit amounted to 522 million yen for the fiscal year ended March 31, 2018, down 51.4% from the year-ago period.

e-Business

- (i) In the e-Business, the Yamato Group helps customers streamline their business processes and solve potential issues by proactively developing solution platform business that combine logistics technology and financial technology with information technology. In addition, with the aim of helping to accelerate growth of Yamato Group businesses, we have been moving beyond conventional information technologies through efforts geared to promoting use of emerging technologies that harness artificial intelligence (AI), the

- Internet of things (IoT) and other such innovations.
- (ii) With respect to services for assisting with order-acceptance and dispatching operations, the Yamato Group provides a “Web-based Shipment Control” that comprehensively supports such operations as dispatch information processing, printing of delivery slips, and freight tracking. In the fiscal year ended March 31, 2018, use of this service increased particularly among our existing large-lot customers, against a backdrop that included e-commerce market growth.
 - (iii) For our customers who mainly make use of pamphlets, catalogs and other such promotional materials in their marketing activities, we have been developing our e-On Demand Solutions business which involves providing total solutions in terms of systems for ordering promotional products, warehouse storage, administration, delivery and other logistics functions, and printing. During the fiscal year ended March 31, 2018, use of such services increased among newly gained customers and existing customers.
 - (iv) Operating revenue amounted to 46,480 million yen, up 1.8% from the year-ago period mainly as a result of having achieved a greater volume of business in the “Web-based Shipment Control” and an increase in use of e-On Demand Solutions business among customers. Operating profit was 10,587 million yen, up 13.0% from the year-ago period.

Financial

- (i) In the Financial Business, the Yamato Group has been developing settlement and financial services tailored to a range of customer needs for payment collection of mail-order products, business-to-business transaction settlement, and vehicle leasing.
- (ii) With respect to our payment settlement services, in addition to providing our mainstay service “TA-Q-BIN Collect,” we have also been promoting increased customer use of both our “Kuroneko Web Collect” comprehensive internet-based transaction settlement service, “Kuroneko Pay After Delivery Services” and our e-money settlement services. During the fiscal year ended March 31, 2018, we provided a wide range of payment settlement services to our customers by promoting use of our “Kuroneko Web Collect” and “Kuroneko Pay After Delivery Services,” and concurrently worked to increase profitability. Moreover, we took steps to improve our services in the e-commerce market, which is poised for expansion going forward. This involved launching sales of our “Raku-uru Cart” service that helps business operators enter the e-commerce market, and providing one-stop options in terms of payment settlement, delivery support and shopping cart features.
- (iii) In the lease services business, we have been generating favorable results with respect to financial leases primarily involving trucks and installment sales. We have also been developing peripheral operations that include providing vehicle referrals and resale support, while forging ahead in making proposals involving total solutions related to vehicles.
- (iv) Operating revenue amounted to 82,981 million yen, up 6.4% from the year-ago period, mainly due to favorable results in the lease services business. Operating profit was 7,912 million yen, down 4.0% from the year-ago period, mainly due to a decline in delivery volume of our mainstay service “TA-Q-BIN Collect” in line with shrinking market for cash-on-delivery.

Autoworks

- (i) In the Autoworks Business, the Yamato Group develops its “24-hour-a-day, 365-day-a-year service that enables customers to service their vehicles without stopping operation,” thereby providing value to logistics operations and logistics service providers in the form of “improvement of vehicle maintenance convenience” and “reduced maintenance expenses.” Furthermore, to better provide one-stop service solutions geared

toward customer business operations, we have added services for “maintaining and safeguarding logistics facilities and equipment, and improving such workplace environments,” along with “offering insurance plans tailored to customer risk management needs” which provide coverage for such assets.

- (ii) In the fiscal year ended March 31, 2018, we took steps to expand sales by aggressively marketing out “Repairworks” services entailing periodic on-site customer visits.
- (iii) Operating revenue amounted to 24,641 million yen, up 0.1% from the year-ago period largely as a result of an increase in the number of vehicles serviced. Operating profit was 4,141 million yen, up 26.5% from the year-ago period, mainly due to progress made with respect to streamlining business processes, particularly in terms of standardizing and enabling visual monitoring of our business operations.

Other

- (i) The “JITBOX Charter service” provides transportation by transport box. The service takes advantage of its network consisting of multiple companies and provides added value to customers through timely delivery and frequent, right-volume delivery. In the fiscal year ended March 31, 2018, service use grew steadily due to favorable results with respect to existing services.
- (ii) Operating profit excluding dividends which Yamato Holdings Co., Ltd. received from the Group companies increased 3.2% from the year-ago period to 2,252 million yen.

CSR Initiatives

- (i) The Yamato Group places utmost priority on protecting human life and conducts a range of safety measures. During the fiscal year ended March 31, 2018, the entire Yamato Group including its overseas operations carried out the “Zero Accident Campaign,” and Yamato Transport Co., Ltd. held the “7th Nationwide Safety Competition” and engaged in efforts to enhance the skills of the Group’s professional drivers with respect to safe vehicle operation, while also heightening safety awareness and improving driving skills on a Group-wide basis. In addition, since 1998 we have been holding our “Safety Classes for Children,” through which we convey the importance of traffic safety, in day care facilities, kindergartens and elementary schools across Japan. A total of about 3.00 million people have now participated.
- (ii) The Yamato Group works to ensure that its distribution mechanisms are environmentally sound, under its policy of “Nekology” (combining “Kuroneko” with “ecology”) for promoting its environmental conservation initiatives. We also hold “Kuroneko Yamato Environmental Class” sessions designed to provide support for environmental education of children who will bear responsibilities of the next generation. We have held such classes on an ongoing basis nationwide since 2005, attracting about 240 thousand participants so far.
- (iii) Aspiring to be a company that continually evolves in step with society, led by Yamato Welfare Foundation, the Yamato Group conducts various activities to help realize a society in which disabled people can freely enjoy a lifestyle as a member of the workforce. Specifically, we engage in ongoing programs that support economic independence of people with disabilities, such that include actively employing people with disabilities at the Swan Bakery which makes and sells bread, providing them with workplaces through the consigned delivery of Kuroneko DM-Bin, and operating job-finding support facilities where they take part in training to acquire skills and knowledge necessary for employment.
- (iv) Aiming to create more sustainable social value, the Yamato Group promotes initiatives for sharing value with society based on “Creating Shared Value (CSV).” During the fiscal year ended March 31, 2018, we have been promoting our “combined passenger-cargo” operations using scheduled-route passenger buses and railways in the ten geographic regions of Iwate prefecture, Miyazaki prefecture, Hokkaido, Kumamoto prefecture, Hyogo

prefecture, Nagano prefecture, Wakayama prefecture, Tokushima prefecture, Gifu prefecture and Aichi prefecture thereby helping to improve lifestyle services for local residents both by keeping scheduled bus and railway networks running in hilly and mountainous areas where populations are substantially declining and getting older, and also by streamlining distribution in those locations. In February, we also initiated joint transport arrangements under our “combined passenger-cargo” operations in Miyazaki prefecture, in partnership with other transportation companies with the aim of further streamlining distribution. In addition, we have been continuously promoting efforts to achieve streamlining of logistics operations and realize next-generation logistics services at our Next Delivery SQUARE facility which assumes the role of providing collective delivery services and other aspects of logistics infrastructure within the Fujisawa Sustainable Smart Town (Fujisawa SST) community which opened in Kanagawa Prefecture’s Fujisawa City. Moreover, we engaged in efforts geared to revitalizing communities and resolving issues by leveraging the Yamato Group’s management resources, with respect to initiatives that include helping to watch over elderly residents, supporting tourism, and expanding sales channels for specialty products in respective regions throughout Japan. As a result, we have worked with government bodies on 2,087 such endeavors thus far.

- (v) In order to earn the confidence of Yamato Group’s customers and society through acting as a company that forms an important part of social infrastructure, we have been promoting management in conformity with compliance and working on Group-wide initiatives with respect to “reforming working styles” through developing upbeat working environment which is more “employee-friendly” and “rewarding” for employees, such as promoting reviewing our management rules on working hours and creating new working styles for our employees.

(2) Issues to Be Addressed

In order to achieve sustainable growth, the Yamato Group will continuously take steps to bring about an approach to management that places top priority on employee satisfaction, which is to say improving working environment (“reforming working styles”), in a manner that first takes prevailing changes in the business environment into account. At the same time, we will push ahead in bringing about transformation of the overall Group’s business model so that it is better aligned with the coming era, and will also work to satisfy our shareholders, customers, society and employees. To such ends, the Yamato Group will pursue the following strategies:

- (i) Our efforts to forge a robust corporate culture will involve placing top priority on ensuring levels of quality that instill customer confidence while strengthening ESG, which is to say increasing employee satisfaction, strengthening both legal and financial governance, and pursuing CSR initiatives. When it comes to increasing employee satisfaction in particular, we will place utmost priority on “reforming working styles,” thereby practicing the Yamato Group founding principle of “inclusive management” by making “employee-friendly” and “rewarding” working environments a reality across the entire Yamato Group. To such ends, we will take action that includes securing workforce capacity by upgrading to more appealing personnel systems that attract a diverse range of talent, while also fostering employee pride and motivation through initiatives that entail re-establishing an educational system and adopting a performance evaluation scheme that facilitates an upbeat approach to work by rewarding employee independence and autonomy
- (ii) With respect to “reforming working styles” of Yamato Transport Co., Ltd. which is at the core entity of the Group, we will persist with initiatives that include “improving and implementing thorough labor management” and “encouraging a work-life balance” through efforts geared to placing top priority on “heightening employee satisfaction by bringing about a working environment where employees can take an upbeat approach to work.” At

the same time, in addressing the issue of the labor shortage as it extends into the future, we will work to heighten productivity across every aspect of Group operations, including collection and delivery operations, back-office and sorting operations, by linking systems with business operators and more swiftly setting up open-type parcel lockers, as well as promoting active use of cutting-edge technologies. Furthermore, we will strike a balance between expanding collection and delivery capacity and regaining profitability through our efforts currently underway with respect to “rebuilding our ‘last mile’ network to make it more efficient” and “carrying out continuous and adequate pricing initiatives.”

- (iii) We will contribute to Japanese economic growth strategies by pushing ahead with our “Value Networking” design which aspires to revolutionize logistics. We will persist with efforts to further develop our “last mile” network, the greatest strength of the Yamato Group, by making use of our “Haneda Chronogate,” “Atsugi Gateway,” “Chubu Gateway” and “Okinawa International Logistics Hub” facilities, as well as “Kansai Gateway” facility, which started its operation in November 2017. Meanwhile, we will work toward creating and developing a business model that can generate a high level of added value that improves logistics speed, quality and costs, by fusing our business resources in areas such as information, logistics and transaction settlement within this network.
- (iv) In our business looking toward overseas markets, leveraging certifications under international standards pertaining to chilled and frozen goods delivery services acquired by seven Yamato Group companies, we have been actively promoting efforts to build cross-border networks that provide substantial added value. In responding to the growth of cross-border logistics, we will continue working to forge collaboration among five regions, Japan, East Asia, South East Asia, Europe and the Americas, while strengthening our capabilities in each geographic region.
- (v) With the aim of enhancing our management foundations, we will incorporate cutting-edge digital technologies as we create new businesses and bring about evolution and innovation of our existing ones. In addition, to heighten our “capacity to generate earnings” leveraging the collective strengths of the Group, we will reform the structure of Group management and upgrade to a management system that combines three components: accounts management, managerial accounting, and human resources (performance evaluation).
- (vi) We will build a platform that links us with government bodies and corporations in various regions throughout Japan, with the aim of providing support to people in their daily lives and revitalizing their local communities. We will strive to become the group of companies which is the most appreciated and trusted by society by creating value that can be shared among corporations and society through our core operations.

Through the Group’s unified efforts, Yamato will create greater corporate value.

We look to the continued understanding and support of our shareholders and investors.

- vi. The Company shall receive explanations on the contents of its accounts from the Accounting Auditor as needed and exchange information to realize a collaborative framework for effective audits.

(2) Operational Status of Systems for Ensuring Proper Business Operations

Details are provided as follows on the operational status of systems for ensuring proper business operations.

- 1) Execution of duties by directors

The Board of Directors holds 18 meetings which are attended by the directors and audit & supervisory board members. Those in attendance adopt resolutions on individual proposals in accordance with decision-making standards, and also discuss matters and make resolutions with respect to issues of managerial importance encompassing areas such as growth strategy, investment, capital management policy and human resources strategy.

- 2) Compliance

The "Compliance and Risk Committee" meets once every quarter, with such meetings attended by the Company's executive officers in charge of legal affairs and CSR strategy, full-time audit & supervisory board members, outside attorneys at law, and managers in

charge of compliance of major Group companies, and oversees Group-wide compliance initiatives across the organization.

Moreover, the Company has developed mechanisms for a whistle-blower system for the Group to allow employees to report compliance violations of the Company and each Group company.

In addition, in order to raise awareness of compliance issues and call attention to such matters, all business offices of the Company and each Group company display “Statement of Compliance” posters which declare their vow to observe laws and regulations and corporate ethics.

The Company has been taking steps to ensure that everyone is well aware that all ties with antisocial forces must be rejected. To that end, such matters have been stipulated in the “Group Corporate Philosophy” which outlines the Yamato Group’s responsibilities to society and its stance toward issues in that regard, and furthermore pamphlets detailing such content are distributed to all employees of the Company and each Group company.

The Company and each Group company have primarily engaged in a labor-intensive industry, centered on the Delivery Business, and implemented “reforming working styles” throughout the entire Group, and promoted management in conformity with compliance including complete adherence to and review of rules.

3) Risk management

Managers in charge of compliance and risk oversight are stationed at the Company and each Group company, and have been developing systems to address risk in a swift and harmonious manner.

When an emergency arises, the Company’s executive officers in charge of legal affairs and CSR strategy, and its full-time audit & supervisory board members, are notified of the situation without delay, through a Group-wide system for ensuring availability of up-to-the-minute details on emergency matters.

In addition, the Company’s “Compliance and Risk Committee” considers key risks by sharing examples of such risks and discussing related measures.

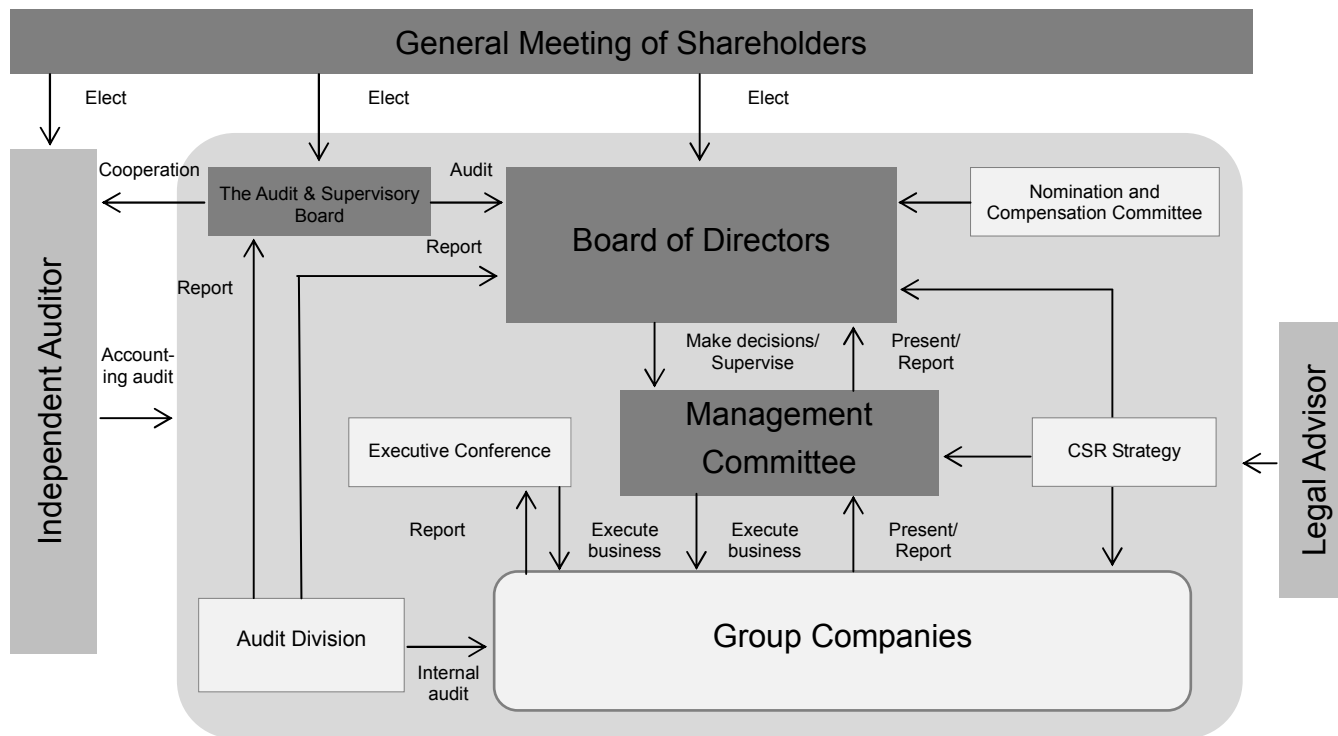

4) Audit structure

Company employees in charge of audits and departments of major Group companies in charge of internal audits respectively check to make sure that business operations are being performed effectively in accordance with the rules, and they accordingly develop frameworks to immediately rectify matters when aberrations are found to exist.

Moreover, audit & supervisory board members of the Company and full-time audit & supervisory board members of each Group company hold monthly Group Audit & Supervisory Board Members’ Liaison Meetings. In so doing, they collaborate by sharing information, and effectively monitor operations in a manner that is coordinated with Group management.

The current status of provision for oversight of business execution and management, internal control and related functions at the Company is illustrated in the figure below.

(3) Policy on Decision of Appropriation of Surplus

As a pure holding company, the Company conducts its business with the goal of maximizing the entire Group's corporate value. Accordingly, with respect to the appropriation of surplus, the Company's policy is to pay dividends with the goal of having a payout ratio of 30% of profit attributable to owners of parent. Retained earnings are used to facilitate the growth of the Group as a whole through capital expenditure—to strengthen the network, one of our management resources, and develop new businesses and products, for example—and investments are aimed at raising the corporate value in the future. Finally, the use of treasury shares is strategically positioned for flexible utilization, such as M&A, as a part of our capital policy.

Notes to Consolidated Financial Statements

1. Basis of Preparation of the Financial Statements

(1) Amounts described are rounded down to the nearest million yen.

(2) Scope of Consolidation

1) Number of Consolidated Subsidiaries: 40

Names of major consolidated subsidiaries:

Yamato Transport Co., Ltd.	Okinawa Yamato Transport Co., Ltd.	Yamato Global Express Co., Ltd.
Yamato Logistics Co., Ltd.	Yamato Global Logistics Japan Co., Ltd.	Yamato Multi-Maintenance Solutions Co., Ltd.
Yamato Packing Service Co., Ltd.	YAMATO TRANSPORT U. S. A., INC.	Yamato Home Convenience Co., Ltd.
Yamato System Development Co., Ltd.	Yamato Financial Co., Ltd.	Yamato Lease Co., Ltd.
Yamato Autoworks Co., Ltd.	YAMATO BOX CHARTER CO., LTD	YAMATO (CHINA) CO., LTD.
YAMATO INVESTMENT (HONG KONG) LIMITED	YAMATO ASIA PTE. LTD.	

YAMATO (CHINA) CO., LTD. is included in the scope of consolidation effective from the fiscal year under review, due to being newly established by the Company.

As of April 1, 2018, Yamato Multi-Maintenance Solutions Co., Ltd. ceases to exist upon absorption-type merger having been carried out with Yamato Logistics Co., Ltd., the surviving company.

2) Non-consolidated Subsidiaries, etc.

CKE TRANSPORT AGENCY SDN.BHD. and certain other subsidiaries are not included within the scope of consolidation. The total assets, operating revenue, profit, and retained earnings of these non-consolidated subsidiaries are immaterial and, even taken together as a group, they do not exert a significant influence on the consolidated financial statements.

(3) Application of Equity Method

1) Number of Affiliates Accounted for by Equity Method: 16

Names of major equity method affiliates:

GD EXPRESS CARRIER BHD.	Packcity Japan Co., Ltd.	GUANGZHOU WISEPOWER TRANSPORTATION & DISTRIBUTION GROUP CO., LTD.
-------------------------	--------------------------	---

Effective from the fiscal year under review, the scope of equity method application encompasses SCG YAMATO EXPRESS CO., LTD. and one other company, largely due to their increased materiality.

2) Non-consolidated Subsidiaries and Affiliates Not Accounted for by Equity Method

Entities not subject to the equity method such as CKE TRANSPORT AGENCY SDN.BHD. and certain other non-consolidated subsidiaries and YAMATO UNYU (THAILAND) CO., LTD. and certain other affiliated companies are excluded from the scope of entities accounted for using the equity method because they do not exert a significant influence on the consolidated

financial statements even when taken together as a group, given immateriality of their profit, retained earnings and other financial results.

3) Special Note on the Application of Equity Method

The fiscal year-end dates of certain entities accounted for using the equity method differ from the consolidated fiscal year-end date, and accordingly the financial statements have been prepared on the basis of the financial statements and provisional financial results for the respective fiscal years of each of those entities.

(4) Closing Date of Consolidated Subsidiaries

Of consolidated subsidiaries, YAMATO TRANSPORT U.S.A., INC., and other ten overseas subsidiaries have December 31 as their financial year end. Financial statements as of this closing date were used in the preparation of the consolidated financial statements. However, the consolidated figures have been adjusted as required to reflect significant transactions occurring between December 31, 2017 and March 31, 2018 that is the consolidated closing date.

(5) Accounting Policies

1) Valuation Basis and Methods for Securities

Available-for-sale securities

Securities with fair market value:

Stated at the fair market value based on the quoted market price as of the fiscal year end (valuation differences are recognized in net assets; the cost of securities sold is the moving-average method)

Securities without fair market value:

Stated at the cost by moving-average method

2) Valuation Basis and Methods for Inventories

Stated at the cost by first-in first-out method (for the value stated in the balance sheet, book value is written down based on the decreased profitability)

3) Depreciation and Amortization Methods of Non-current Assets

Property, plant and equipment:
(excluding leased assets)

Declining-balance method
However, the straight-line method is adopted for buildings acquired on or after April 1, 1998 (excluding fixtures) and for facilities attached to buildings and structures acquired on or after April 1, 2016.
For overseas consolidated subsidiaries' assets, straight-line methods based on estimated useful lives is adopted.

Intangible assets:
(excluding leased assets)

Straight-line method, but software is amortized by the straight-line method over the estimated useful life (five years).

Leased assets:

Straight-line method where the useful life of leased assets shall be equal to the lease period and their residual value shall be zero.

4) Accounting Method for Provision

Allowance for doubtful accounts:

The allowance for doubtful accounts is provided to prepare for loss from uncollectible credits. For ordinary receivables, the amount is estimated using the rate based on the historical bad debt experience. For special receivables with higher uncertainty, collectivity is considered on individual cases, and prospective uncollectible amount is provided.

Allowance for investment loss:

To prepare for devaluation loss of investments in subsidiaries and associates, allowances are provided considering the status of subsidiaries and associates' assets.

Provision for bonuses:

The provision for bonuses is provided for payment of bonuses to employees based on an amount expected to be paid.

This provision is not applicable for overseas consolidated subsidiaries.

5) Method of Accounting for Retirement Benefits

i. Method of attributing expected retirement benefit to periods

In calculating the retirement benefit obligations, the straight-line basis is used in determining the amount of the expected retirement benefit obligation attributed to service performed up to the end of the fiscal year under review.

ii. Method of recognizing actuarial differences

Actuarial differences are recognized in profit or loss in the year following the year in which a respective gain or loss arises, and are amortized proportionally on a straight-line basis over a period of five years, which is within the average remaining years of service of the eligible employees.

iii. Method of accounting for unrecognized actuarial difference

Unrecognized actuarial difference is accounted for in remeasurements of defined benefit plans, after adjusting for tax effects, under accumulated other comprehensive income of net assets.

6) Basis of Revenue Recognition

Deferred installment income

The prorated amounts for the shopping loan service are recognized as income when the due date comes.

7) Method of Significant Hedge Accounting

i. Method of hedge accounting

Interest rate swaps are accounted for using the exceptional treatment as they satisfy the applicable conditions.

ii. Hedging instrument and hedged item

Hedging instrument: Interest rate swaps

Hedged item: Interest on loans

iii. Hedging policy

Interest rate swap transactions are used to avoid interest rate fluctuation risk associated with fund procurement.

iv. Method of evaluating hedge effectiveness

Hedging effectiveness in interest rate swap transactions is not evaluated as they are accounted for using the exceptional treatment.

8) Accounting for Consumption Taxes

The consumption taxes are excluded from transaction amounts.

2. Notes to the Consolidated Balance Sheet

Accumulated Depreciation of Property, Plant and Equipment: 493,289 million yen

3. Notes to the Consolidated Statement of Income

Impairment loss

During the fiscal year under review, the Yamato Group posted an impairment loss on the following asset group.

(Millions of yen)			
Use of asset	Type of asset	Region	Amount of impairment loss
Branch and distribution center and other	Buildings and structures, land and other	Yamato Transport Co., Ltd., Miyagi Regional Branch (Sendai City, Miyagi) and fourteen other premises	3,241

The Yamato Group grouped the assets based on the classification in managerial accounting and the unit in making investment decisions, with Yamato Transport Co., Ltd. treating primarily a regional branch and subordinate branches as one unit and the Company and other consolidated subsidiaries based on the unit of department.

As a result, the Group recognized a continuous decrease in profit and loss arising from operating activities or significant declines in market prices for the asset group consisting of Yamato Transport Co., Ltd., Miyagi Regional Branch and fourteen other premises, and it decreased the book value of the relevant asset group to the recoverable value and posted the relevant decrease of 3,241 million yen to extraordinary loss as an impairment loss.

A breakdown of this decrease shows that 1,326 million yen was attributable to land, 1,074 million yen was attributable to buildings and structures and 530 million yen was attributable to software.

If the recoverable value of such asset group is calculated based on value in use, the amount is valued by discounting future cash flows with a discount ratio of 5.26%. Where the recoverable value is calculated based on net realizable value, the amount is valued based mainly on real estate appraisal standards, assessed value of property tax or the posted land price.

4. Notes to the Consolidated Statement of Changes in Equity

		Millions of yen		Yen		
The Board of Directors Meeting on May 17, 2018	Common shares	5,519	Retained earnings	14	March 31, 2018	June 6, 2018

5. Notes to the Financial Instruments

(1) Matters concerning the status of financial instruments

1) Policy on financial instruments

To finance further business growth, the Yamato Group raises capital through bank loans and bond issuances based on a facilities investment scheme that includes the network development plan. One-time surplus funds are invested in safe financial assets. Derivative products are mainly used for hedging against variable interest rate risk, and no speculative transactions are undertaken.

Some of the Group's consolidated subsidiaries are engaged in businesses such as leasing and third-party credit sales.

2) Features and risks of financial instruments and risk management structure

Operating receivables such as notes and accounts receivable - trade and accounts receivable - installment carry credit risk of trading partners, and thus the Company manages and controls cash received, as well as outstanding receivables, for each period to identify the credit risk of each trading partner.

Regarding investment securities, the Yamato Group mainly holds shares of companies with which the Group has business relationships or forms a capital alliance, and such shares involve the risk of stock price fluctuations.

The majority of operating payables, such as notes and accounts payable - trade, are due within one year.

Short-term loans payable and long-term loans payable are mainly used to raise capital for the Group's financial business. Most loans payable are procured at fixed rates of interest.

Within the Yamato Group, each Group company controls liquidity risk associated with operating payables and loans by monitoring payments and settlements, bookkeeping, and balances, as well as managing cash positions.

3) Supplemental remarks on the fair value of the financial instruments

The fair value of financial instruments refers to their market value or value reasonably calculated based on certain assumptions if market value is not available. Therefore, the estimated fair value may vary with different assumptions.

(2) Matters concerning fair value of financial instruments

The table below shows the amounts recorded on the consolidated balance sheet as of March 31, 2018, their fair values, and differences between them. Some financial instruments are excluded because it is extremely difficult to identify their fair value (see Note 5).

	Amount on the consolidated balance sheet	Fair value	Difference
(Millions of yen)			
(1) Cash and deposits	204,422	204,422	-
(2) Notes and accounts receivable - trade	224,099		
Allowance for doubtful accounts	(112)		
	223,986	223,780	(205)
(3) Accounts receivable - installment	46,692		
Allowance for doubtful accounts	(754)		
Deferred installment income	[5,900]		
	40,038	45,781	5,743
(4) Investment securities			
Available-for-sale securities	34,217	34,217	-
Shares of subsidiaries and associates	13,591	21,258	7,667
(5) Notes and accounts payable - trade	[155,323]	[155,323]	-
(6) Short-term loans payable	[66,952]	[66,966]	13
(7) Long-term loans payable	[60,300]	[60,282]	(17)

- Notes:
1. Items recognized as liabilities are shown in square parentheses [] both under Amount on the consolidated balance sheet and Fair value.
 2. Notes and accounts receivable - trade are presented after deducting allowance for doubtful accounts set up for notes and accounts receivable - trade not payable in the short term.
 3. Accounts receivable - installment is presented after deducting the relevant allowance for doubtful accounts and deferred installment income.
 4. Method of calculating fair value of financial instruments and other matters concerning securities.
 - (1) Cash and deposits
Because all deposits are short-term deposits and their fair values are approximately equal to their book values, fair value is the same as book value.
 - (2) Notes and accounts receivable - trade
Because notes and accounts receivable - trade are usually settled in a short period and their fair values are approximately equal to their book values, fair value is the same as book value. A portion of notes and accounts receivable - trade are grouped by classification categories and computed on the basis of the present value of future cash flow discounted at a rate based on the yield of Japanese Government Bonds.
 - (3) Accounts receivable - installment
The fair values of accounts receivable - installment are grouped by classification categories and computed on the basis of the present value of future cash flow discounted at the rate based on market interest rate.
 - (4) Investment securities
The fair values of listed equity shares in investment securities are based on quoted market prices.
 - (5) Notes and accounts payable - trade
As most notes and accounts payable - trade are due within one year and their fair values are approximately equal to their book values, fair value is the same as book value.

(6) Short-term loans payable and (7) Long-term loans payable

The fair value of short-term loans payable and long-term loans payable is computed as the present value on the basis of the total amount of principal and interest discounted at the interest rate applicable to new loans carrying the same conditions.

5. Financial instruments whose fair value is extremely difficult to determine

(Millions of yen)

Classification	Amount on the consolidated balance sheet
Investment securities	
Shares of subsidiaries and associates	6,411
Available-for-sale securities	5,620

It is extremely difficult to determine the fair values of these financial instruments because they do not have quoted market prices and their future cash flow cannot be estimated. Therefore, they are excluded from (4) Investment securities.

Notes to Non-consolidated Financial Statements

1. Amounts described are rounded down to the nearest million yen.

2. Summary of Significant Accounting Policies

(1) Valuation Basis and Methods for Securities

Available-for-sale securities

Securities with fair market value:	Stated at the fair market value based on the quoted market price as of the fiscal year end (valuation differences are recognized in net assets; the cost of securities sold is the moving-average method)
Securities without fair market value:	Stated at the cost by moving-average method
Shares of subsidiaries and associates:	Stated at the cost by moving-average method

(2) Depreciation and Amortization Methods of Non-current Assets

Property, plant and equipment:	Primarily the straight-line method
Intangible assets:	Straight-line method, but software is amortized by the straight-line method over the estimated useful life (five years).

(3) Accounting Method for Provision

Provision for bonuses:

The provision for bonuses is provided for payment of bonuses to employees based on an amount expected to be paid.

Allowance for investment loss:

To prepare for devaluation loss of investments in subsidiaries and associates, allowances are provided considering the status of subsidiaries and associates' assets.

Provision for retirement benefits:

To provide for employees' retirement benefits, provision for retirement benefits is recorded based on the projected retirement benefit obligations and related pension assets as of the end of the fiscal year ended March 31, 2018.

- i. Method of attributing expected retirement benefit to periods
In calculating the retirement benefit obligations, the straight-line basis is used in determining the amount of the expected retirement benefit obligation attributed to service performed up to the end of the fiscal year under review.
- ii. Method of recognizing actuarial differences
Actuarial differences are recognized in profit or loss in the year following the year in which a respective gain or loss arises, and are amortized proportionally on a straight-line basis over a period of five years, which is within the average remaining years of service of the eligible employees.

(4) Method of Accounting for Retirement Benefits

The method of accounting for unrecognized actuarial differences on retirement benefits is different to the method in the consolidated financial statements.

(5) Method of significant hedge accounting

1) Method of hedge accounting

Interest rate swaps are accounted for using the exceptional treatment as they satisfy the applicable conditions.

2) Hedging instrument and hedged item

Hedging instrument: Interest rate swaps

Hedged item: Interest on loans

3) Hedging policy

Interest rate swap transactions are used to avoid interest rate fluctuation risk associated with fund procurement.

4) Method of evaluating hedge effectiveness

Hedging effectiveness in interest rate swap transactions is not evaluated as they are accounted for using the exceptional treatment.

(6) Accounting for Consumption Taxes

The consumption taxes are excluded from transaction amounts.

3. Notes to the Non-consolidated Balance Sheet

(1) Accumulated depreciation of property, plant and equipment:	440 million yen
(2) Balance of liabilities on guarantee	
i. Joint and several guarantee based on clearing agreements with other transportation companies:	300 million yen
ii. Pledge of letter of management support concerning debt financing:	267 million yen
iii. Joint and several guarantee for debt financing:	169 million yen
(3) Loans receivable from, and loans payable to, subsidiaries and associates	
Short-term loans receivable:	55,047 million yen
Long-term loans receivable:	26,558 million yen
Short-term loans payable:	110,312 million yen

4. Notes to the Non-consolidated Statement of Income

Transaction with subsidiaries and associates:	Operating revenue	27,354 million yen

To the Board of Directors of Yamato Holdings Co., Ltd.

We have audited the consolidated financial statements, namely, the Consolidated Balance Sheet, Consolidated Statement of Income, Consolidated Statement of Changes in Equity, and Notes to the Consolidated Financial Statements of Yamato Holdings Co., Ltd. for the consolidated fiscal year from April 1, 2017 to March 31, 2018, in accordance with the Companies Act, Article 444, Paragraph 4.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in conformity with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Yamato Holdings Co., Ltd. and its consolidated subsidiaries for the related consolidated fiscal year, and the results of their operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of Certified Public Accountant Act.

To the Board of Directors of Yamato Holdings Co., Ltd.

We have audited the non-consolidated financial statements, namely, the Non-consolidated Balance Sheet, Non-consolidated Statement of Income, Non-consolidated Statement of Changes in Equity, and Notes to Non-consolidated Financial Statements of Yamato Holdings Co., Ltd., for the 153rd business year from April 1, 2017 to March 31, 2018, in accordance with the Companies Act, Article 436, Paragraph 2, Item (1).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of non-consolidated financial statements and accompanying detailed statements in conformity with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of non-consolidated financial statements and accompanying detailed statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the non-consolidated financial statements and accompanying detailed statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the non-consolidated financial statements and accompanying detailed statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the non-consolidated financial statements and accompanying detailed statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the non-consolidated financial statements and accompanying detailed statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the non-consolidated financial statements and accompanying detailed statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management,

as well as evaluating the overall presentation of the non-consolidated financial statements and accompanying detailed statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the non-consolidated financial statements and accompanying detailed statements referred to above present fairly, in all material respects, the financial position of Yamato Holdings Co., Ltd. for the business year under review, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of Certified Public Accountant Act.

Audit Report of the Audit & Supervisory Board

AUDIT REPORT

Regarding the performance of duties by the Directors for the 153rd business year from April 1, 2017 to March 31, 2018, the Audit & Supervisory Board hereby submits its audit report, which has been prepared through discussions based on the audit report prepared by each Audit & Supervisory Board Member.

1. Auditing Methods Employed by the Audit & Supervisory Board Members and Audit & Supervisory Board and Details of Such Methods

- (1) The Audit & Supervisory Board established auditing policies, allocation of duties, and other relevant matters, and received reports from Audit & Supervisory Board Members regarding their audits and results thereof, as well as received reports from the Directors, other relevant personnel, and Accounting Auditors regarding performance of their duties, and sought explanations as necessary.
- (2) Each Audit & Supervisory Board Member complied with the auditing standards of Audit & Supervisory Board Members established by the Audit & Supervisory Board, followed the auditing policies, allocation of duties, and other relevant matters, communicated with the Directors, the internal audit division, other employees, and any other relevant personnel, and made efforts to optimize the environment for information collection and audit. We have executed the audit based on the following methods.
 - 1) Each Audit & Supervisory Board Member participated in the Board of Directors Meetings and other important meetings, received reports from the Directors, employees, and other relevant personnel regarding performance of their duties, sought explanations as necessary, examined important authorized documents and associated information, and studied the operations and financial positions. With respect to subsidiaries, we communicated and exchanged information with Directors, Audit & Supervisory Board Members, and other relevant personnel of the subsidiaries, and received business reports from subsidiaries as necessary.
 - 2) We received periodic reports from Directors and employees and sought explanations as necessary on the details of the resolution of the Board of Directors related to the provision of a system described in paragraphs 1 and 3 of Article 100 of the Companies Act Enforcement Regulations that not only ensures Directors are carrying out their duties indicated in the business report in compliance with laws and regulations and the Articles of Incorporation, but also ensures the propriety of the work activities of the corporate group consisting of the Company and its subsidiaries. We also received periodic reports from Directors and employees, sought explanations and expressed an opinion as necessary on the status of development and operation of the system (internal control system) put in place in accordance with the aforesaid resolution.
 - 3) Furthermore, we monitored and verified whether the Accounting Auditors maintained their independence and implemented appropriate audits, and we received reports from the Accounting Auditors regarding the performance of their duties and sought explanations as necessary. In addition, we received notice from the Accounting Auditors that “the system for ensuring that duties are performed properly” (matters set forth in each Item of Article 131 of the Accounting Rules) is organized in accordance with the “product quality management standards regarding audits” (Business Accounting Council, October 28, 2005) and other relevant standards, and sought explanations as necessary.

Based on the above methods, we examined the business report and supporting schedules, non-consolidated financial statements (Non-consolidated Balance Sheet, Non-consolidated Statement of Income, Non-consolidated Statement of Changes in Equity, and Notes to the Non-consolidated Financial

Statement) and supporting schedules, as well as consolidated financial statements (Consolidated Balance Sheet, Consolidated Statement of Income, Consolidated Statement of Changes in Equity, and Notes to the Consolidated Financial Statements) related to the relevant business year.

2. Audit Results

(1) Results of Audit of Business Report and Other Reference Documents

- 1) In our opinion, the business report and supporting schedules are in accordance with the related laws and regulations and Articles of Incorporation, and fairly represent the Company's condition.
- 2) With regard to the performance of duties by the Directors, we have found no evidence of wrongful action or material violation of related laws and regulations, nor of any violation with respect to the Articles of Incorporation.
- 3) In our opinion, the contents of the resolutions of the Board of Directors regarding the internal control system are fair and reasonable. In addition, we have found no matters on which to remark in regard to the performance of duties of the Directors regarding the internal control system.

(2) Results of Audit of Non-consolidated Financial Statements and Supporting Schedules

In our opinion, the methods and results employed and rendered by the Accounting Auditor, Deloitte Touche Tohmatsu LLC, are fair and reasonable.

(3) Results of Audit of Consolidated Financial Statements

In our opinion, the methods and results employed and rendered by the Accounting Auditor, Deloitte Touche Tohmatsu LLC, are fair and reasonable.
