## Information on the Receipt of Dividends

There are four ways to receive dividend payment.

In order to receive dividends safely and surely, it is recommended that you receive dividends through **your account at a bank or a securities company**.

**1. Method to designate a bank account per issue held: *Kobetsu meigara shitei houshiki***

A method whereby you designate an account with a bank or other financial institution for each issue held.

**2. Method to receive dividends of all issues held through only one bank account: *Touroku Haitokin juryo kouza houshiki***

A method whereby dividends of all issues held can be received through only one account with a bank or other financial institution which you designate as the account to which dividends will be remitted.

**3. Method to receive dividends through your account with a securities company: *Kabushiki-su hirei haibun houshiki***

A method whereby dividends can be received through your account opened at a securities company.

If shares of the same issue are held in accounts with several securities companies, the dividends will be prorated depending on the number of shares recorded at each account. However, as this method is not applicable if you have any shares in a special account, it is necessary for you, in the case you are such a shareholder, to transfer your shares in your special account to your account with a securities company in order to use this method.

\* Special account: An account where shares of shareholders who do not use an account with a securities company are held.

**4. Method by presenting a “Dividend Warrant”**

For other shareholders who have not taken procedures as stated in the above 1-3, dividends can be received at a nearby principal or branch office of Japan Post Bank Co., Ltd. or a post office by presenting the “Dividend Warrant” to be sent from the Company.
